CLERK: Mr. President, the Appropriations Committee gives notice of a hearing today at 12:15 in Room 1019.

SENATOR WARNER: Mr. President, I should have written a hearing... it's really important that the members...I would have done this sooner had I had full confirmation. The Appropriations Committee had asked Mr. Peters Revenue Department and also the representative of the University Business Research to visit with us a little bit about their opinions on the revenue picture. We do not anticipate any figure change but at least their opinions, as things stand now, and it will be at 12:15 and any of the members of the Legislature that are find it convenient to come down and listen, they would be more than welcome. I think there was an article, a note in the paper too that if someone else had some opinions that wanted to express them relative to the revenue picture, they could speak too. It would be in Room 1019.

SENATOR MARVEL: Thank you. Senator Barnett.

SENATOR BARNETT: How come we quit on Article 13? We've still got five or six minutes and...

SENATOR MARVEL: There are at least two other motions that will not be...amendments that will not be completed. The Clerk has got some material that has got to be read in, that is the reason.
